

## **INTERNSHIP ANNOUNCEMENT**

Dr. John's Sports Center is a Sport, Dance, Recreation & Movement Center for Children & Teens. We are located at 1800 Clover Lane near the intersection of New Hope and Bagdad Roads in Cedar Park, Texas.

### **We help children develop:**

- Physical activity and nutritional behaviors that will keep them healthy for a lifetime.
- Movement Skills that will allow them to participate successfully in a variety of sport, fitness and recreational activities.

We achieve these goals by offering all participants multiple opportunities to participate in a variety of activities on a daily basis.

### **We Offer:**

- Weeklong Summer, Spring & Winter Break Sports camps for K through 5th Grade and After School Care
- Recreational & Development Sport Leagues for All Skill Levels with special programs for Middle & High School Students
- Dance and Developmental Cheerleading
- Sport Development Training and Clinics
- Educational Emphasis on Learning, Practicing and Adapting Healthy Lifestyles
- Facility, Gym and Field Rentals

### **Intern Opportunities**

Dr. John's offers a valuable learning opportunity for someone interested in helping a new venture open its doors for the first time. The building is currently under construction and will open for business in January 2006. Dr. John's enters the child care market with a unique sport, fitness and recreation model. There is no other after school and summer programs or facilities specifically designed to address children's physical development and health needs.

Interns who choose Dr. John's for the Spring 2006 semester can expect to be heavily involved in activities consistent with opening a new business such as marketing, program development, management of business systems and hiring and training personnel. Interns will rotate through each line of business (i.e., childcare, sport programming, and facility rental) during the semester. A major assignment for the spring semester would be to develop and conduct a community-based event combining a recreational or sport activity with family participation that could become the annual signature event for Dr. John's in the Cedar Park – Leander area.
